SUMMARY

Motivated Full Stack Web Developer with experience in building multiple projects using the **MERN stack**. Skilled in creating **web applications**, working with databases, and integrating APIs. Passionate about coding, problem-solving, and learning new technologies. Looking for an opportunity to apply my skills and grow as a developer.

EXPERIENCE

Freelance Frontend Web Developer

Domocktest.com

July 2022 - January 2024, India

- Developed and maintained the website's front end using **HTML**, **CSS**, and **JavaScript**, ensuring high performance and responsiveness.
- Collaborated with cross-functional teams to implement **responsive design**, enhancing overall user experience across devices.
- **Integrated APIs** in close coordination with the backend team to ensure seamless functionality and optimal performance.

PROJECTS

Landing Page Projects

Cohort Web3 • jdskrumi.github.io/Junaid_Portfolio.github.io/ • January 2024 -February 2025

- Designed and developed two responsive landing pages showcasing the features and services of an NFT marketplace and Pixel Lab.
- Utilized **Tailwind CSS** for modern styling, ensuring optimal performance and a clean aesthetic across devices.
- Implemented interactive elements and smooth scrolling effects to enhance user engagement and overall experience.

Online Bike Selling Platform

Personal Project • April 2024 - May 2024

- Built a full-stack application using **MERN stack** that facilitates the buying and selling of bikes online.
- Utilized Express.js to create a secure backend for user authentication and payment processing.
- Designed a dynamic and responsive user interface with **React**, allowing users to manage their listings and transactions effectively

Hospital Appointment Booking System

Personal Project • February 2024 - March 2024

- Developed a full-stack web application using **MERN stack** to allow patients to book appointments with healthcare providers.
- Implemented user authentication and role-based access control using **Express.js** for secure access management.
- Designed a responsive user interface with React to ensure a seamless experience across devices, integrating a **RESTful API** for appointment management

EDUCATION

Bachelor of Computer Science

Minor in MATHEMATICS • MGM College of CS and IT Nanded • Nanded, Maharashtra • 2024 • 7.06

CERTIFICATIONS

Basic Of JavaScript

Online • 2022

My Infosys **Basics of JavaScript** certificate has valued my core **JavaScript skills**, essential for building interactive web applications.
